

**Forest Plan Amendment Number 33  
Custer National Forest  
Billings, Montana**

*Approved per DN/FONSI  
for Lyon Creek Veg. Thrst.  
Analysis Area  
6/28/96.*

The Custer National Forest Land and Resource Management Plan is amended as follows:

Portions of the following forest stands on the Ashland Ranger District have been reclassified from unsuitable to suitable for timber production (36 CFR 219.14):

Stand Number	Acres
444-03-006	43
444-01-038	57
446-05-031	24
446-05-010	14
446-05-028	10
446-05-011	6
446-05-033	16
<b>Total</b>	<b>170</b>

All of these acres are located within Management Area B, and are still subject to the same management area goals and standards as before this amendment.

Maps showing the specific locations of the areas subject to this amendment are in the Lyon Creek Vegetative Management Project File, located at the Ashland Ranger Station, Ashland, MT.
